UNIVERSITY ORGANIZED
“EPOSURE/FIELD VISIT TO BHAMSHAH TECHNO HUB, JAIPUR”

EVENT REPORT

On Wednesday, 24th January 2024, the Innovation Club, ICFAI Law School & organized a ‘Exposure/field visit to Bhamashah Techno Hub, Jaipur a government initiative made for young entrepreneurs in Rajasthan.

A mentoring session there for students as organized by Ms. Anupama Ma’am. She briefed about the initiative of Government of Rajasthan for new generation entrepreneurs in each field. The government has made a website named “istart” in which the entrepreneurs have to register themselves and pitch their ideas in the website through which they would go through an assessment process and after they have cleared all the stages of assessment process the government based on their ideas give them a grant. The government aim is support the young entrepreneurs and make India as a hub of manufacturing and service sector.

The building comprises of 10 floors which is been made to provide working space to young people who phase difficulties in finding space to form their own office. The mentors will guide them and make sure that they work in a proper way to earn good profits and even grow faster. The young people working their get a healthy environment to work there and even they get their own team to be formulate there in itself. The space provided is such that they all can rest easily and even work on their physic and fitness as they comprise of gym also.

The startups running in the building even provide internships to undergraduates and give certain other opportunity to work with then so that they learn and get to know and explore the things in the healthy environment. The interns are also get space there in to work and explore more fields in the start-up. After mentoring session, the students were allowed to visit the virtual reality museum and to observe and learn the technology advancement. The students enjoyed the new robotic show and played certain games and enjoy certain rides through virtual reality which were really amazing.
