The greatest treasures are those invisible to the eye, but found by the heart. — Judy Garland

Engaged a session for BBA Students of ICFAI University Jaipur, on "Exploring the Treasures of Life". The session started with a tag line of Think-Explore-Reflect with an emphasis of knowing oneself, being true to oneself and add value to life by treasuring one's own thoughts, feelings, emotions, body and spirit.

The Young Aspiring Professionals (YAP) witnessed activities of active listening, creativity and spontaneous thinking coupled with a purpose of learning to process information, think analytically, and have unique experiences and also to develop the ability to think across boundaries, serving as a crucial life skill.

The session finally concluded with story on Life is an Orchestra, Just be the Centre Musician... followed by thought provoking discussions on developing an attitude to Explore and Change as a mantra to add life to your days and not days to your life.
