

**Report on Participation in National Seminar and Industrial Visit
on 24th and 25th April, 2025
at ISPS, The ICFAI University Dehradun**

A group of 17 students of B. Pharmacy 2nd year, along with 2 faculty members from the ICFAI School of Pharmaceutical Sciences (ISPS), The ICFAI University Jaipur, participated in a one-day National Seminar organized by ISPS, The ICFAI University Dehradun, on 24th April 2026. The seminar was conducted on the theme "*Futuristic Approaches in Pharmaceutical Sciences: Innovations Driving the Next Era in Drug Development and Healthcare.*"

The seminar was exceptionally well-organized and provided valuable insights into emerging trends and innovations in the pharmaceutical and healthcare sectors. The sessions emphasized the importance of integrating innovative approaches into current healthcare practices. All participating students were highly engaged, actively took part in discussions, and showed keen interest in acquiring knowledge from each session.

On the following day, the students and faculty members participated in industrial visits to IPCA laboratories Ltd. and ISSNAAV Nutraceuticals, under the guidance of faculty members from ISPS Dehradun. These visits provided practical exposure to various pharmaceutical processes, including drug storage, distribution, manufacturing, granulation, formulation, packaging, and quality testing. The industry professionals interacted with the students, addressed their queries, and encouraged active participation, making the visits highly informative and enriching.

Apart from academic and industrial exposure, the group also experienced cultural and natural exploration. After the seminar, students visited Tapkeshwar Mahadev Temple and Robbert's Cave in Dehradun, where they appreciated the natural beauty, waterfalls, greenery, and scenic hills. Following the industrial visits, the group traveled to Haridwar, where they took a holy dip in the sacred river Ganga, adding a spiritual dimension to the journey.

The group departed thereafter and successfully concluded the journey, reaching The ICFAI University Jaipur at 6:00 AM. This visit marks not just the completion of an academic tour but the beginning of a broader journey toward growth, collaboration, and the integration of theoretical knowledge with industrial practices.

The participants express their sincere gratitude to Prof (Dr) H P Singh, VSM, Hon'ble Vice Chancellor of The ICFAI University Jaipur, for his visionary leadership toward *Viksit Bharat* and his continuous support in promoting ISPS for the advancement of the healthcare system, which made such academic exposure possible.

Special thanks are also extended to Prof. (Dr.) G. N. Sharma, Principal, ISPS Jaipur, whose initiative and guidance made this academic and industrial visit possible.

The team extends heartfelt appreciation to Prof. (Dr.) Alka N. Choudhary, Principal, ISPS, ICFAI University Dehradun, and the entire team for their constant support, coordination, and

warm hospitality throughout the journey. From the departure from Jaipur to the safe return, their continuous communication, guidance, and personal involvement ensured a smooth and memorable experience. Their dedication and welcoming nature have left a lasting impression on all participants.

ISPS, The ICFAI University Jaipur, looks forward to strengthening this collaboration and warmly welcomes the opportunity to host the Dehradun team in the near future.

Students and Faculty members list is attached for reference and record purpose.
