

Pariksha pe charcha 2.0 program organize at IUJ - Jan 29, 2019

The ICFAI UNIVERSITY, JAIPUR Report

Attendance 110 students

27 Faculty members

Few parents

We have initiated to organize the program, Pariksha pe charcha 2.0 .This motivation lecture is very much need of hour now because due to level of pressure of the parents and lesser opportunity and cut throat competition .Fast pace life is equally responsible for the same. Motivational lecture is need of hour and it should be a regular activity in order to reduce distress and expectation of parents and student themselves is equally responsible because of when feelings of comparison arise. This becomes headache to them. So we need to subsidies. This is some extent is possible through motivational lecture.

In this program all faculty members, students and even some parents were also present.

This is well though presentation. Really it is awesome experience by interacting parent's teachers and students in one platform. This motivational speech really encourage all stake holder to act accordingly, one more experience is that every individual is not comparable. Everyone have their own quality, we should motivate students toward their desired field without considering comparison with others in any form.

The exam is not the exam for life" and it does not stop lives. Life must go own. "Exam is just like any other exam. Kuch khilaune ke tootne se bachpan nahi Marta'.likewise we should initiate But always keep in mind that exams are equally important for us to know us better where we stands. So take on priority without considering its impacts on your life . They give us experience. Experience teaches us lots to understand our self for better tomorrow.
