Participants: 450 Participants from various branch of Icfai Tech Students joined online quizzes in the aforementioned lab and respective classes

Objective: Quiz aimed to enhance the understanding and knowledge about the NEP initiative taken by UGC to students.Following are the main objective to designed the Quiz .

- Increase awareness about the **National Education Policy 2020** and its implications.
- Assess participants' understanding of the policy's core aspects such as inclusivity, flexibility, and innovation.
- Encourage a deeper understanding of how NEP aims to address challenges in the education system, from school to higher education.
- Foster critical thinking about the future of education in India and how NEP can shape it.

Format and Structure

The quiz had 30 multiple choice questions ranging from basic knowledge about the policy to more detailed queries related to its implementation. Topics covered in the quiz included:

- Key highlights of NEP 2020, school curriculum structure, etc.
- The importance of mother tongue as the medium of instruction in early education.
- The role of technology and digital learning in enhancing education access.
- Innovations in teacher training and the new focus on vocational education.
- The NEP's vision for higher education and international collaborations.

Outcomes

The quiz provided valuable insights into the level of awareness regarding NEP among participants. Key outcomes included:

- **Increased awareness:** Many participants expressed that they learned about areas of NEP that were previously unfamiliar to them, especially in terms of its long-term goals for educational equity and excellence.

Conclusion

The quiz on **National Education Policy 2020 Initiative taken by UGC** proved to be a successful event in raising awareness and deepening understanding of one of the most significant reforms in India's education system. Moving forward, it is crucial to continue organizing such events to ensure that NEP's vision is widely understood and effectively implemented across all educational levels.
