Dr. Lokesh Kaushik is an academician and researcher currently serving as Academic Coordinator and Assistant Professor at the ICFAI School of Pharmaceutical Sciences, The ICFAI University, Jaipur. He holds a Ph.D. in Pharmacy from the Central University of Rajasthan, an M.Pharm in Pharmaceutical Chemistry and B.Pharm from Rajasthan University of Health Sciences, Jaipur, along with a Post Graduate Diploma in Intellectual Property Rights (PGDIPR) from VMOU, Kota. With more than a decade of experience in teaching, academic coordination, and pharmaceutical research, he has served in various academic and research positions, including Assistant Professor at SRM Modinagar College of Pharmacy, SRM Institute of Science and Technology; Assistant Professor at the School of Pharmacy, Raffles University, Neemrana; Research Fellow at Nootan Pharmacy College, Sankalchand Patel University; Research Fellow at the Central University of Rajasthan; and Assistant Professor at Rajasthan Pharmacy College, Jaipur. Dr. Kaushik has made significant contributions to pharmaceutical and drug-delivery research, with particular emphasis on advanced drug delivery systems, nanotechnology, cancer therapeutics, formulation development, and pharmaceutical research. His research work has resulted in publications in reputed national and international journals, covering areas such as microRNA-mediated regulation of inflammatory gene expression, targeted drug delivery, microemulsion gels, fullerene-based drug delivery systems, organogels, herbal formulations, solid lipid nanoparticles, bioactive peptides, colloidal drug delivery carriers, and polymeric micellar systems.

His academic and research achievements have been recognized through prestigious opportunities and awards. He received an International Travel Award from SERB, New Delhi, to participate in the 2018 Controlled Release Society Annual Meeting & Exposition in New York, USA. He was also awarded a Post-Doctoral Fellowship at the Drug Delivery System Excellence Center, Faculty of Pharmaceutical Sciences, Prince of Songkla University, Thailand. Through his combined experience in teaching, academic administration, research, scientific writing, and pharmaceutical drug-delivery research, Dr. Kaushik contributes actively to the development of students, academic programmes, and research-oriented activities in pharmaceutical sciences. His professional profile reflects a strong commitment to quality education, innovative research, academic leadership, and the advancement of pharmaceutical science and technology.
