

Name	:	Dr. N.D. Jasuja	
Designation	:	Joint Registrar	
Qualification	:	Ph.D., NET, UGC Research Fellow, M.Sc. (Microbio.), M.Sc. (Environ. Sci.), M.Sc. (Zoology)	
Experience	:	15 Years	

Brief Details (about yourself):

Dr. N.D. Jasuja, Joint Registrar at The ICFAI University, Jaipur, is an accomplished academician and administrator with over 15 years of rich and diverse experience in the higher education sector. His expertise spans across Samarth ERP implementation, corporate consultancy, strategic administration, and academic governance. He has made significant contributions in institutional development through his association with premier institutions such as the Indian Institute of Integrative Medicine (IIIM) and the University of Rajasthan, among others.

Dr. Jasuja is a recognized scientist with a strong research background in Environmental Toxicology, Exposure Science, Microbiology, and Zoology. His scholarly contributions include over 75 research articles published in reputed international journals, and he has several patents to his credit. His impactful research has earned him prestigious accolades including the Young Scientist Award (2013) for his work on environmental issues, and a Gold Medal conferred by the Hon'ble Chief Minister of Uttar Pradesh during the All India Congress of Zoology held at B.B.A. Central University, Lucknow.

A passionate academic leader, Dr. Jasuja has served as Professor, Dean, and Head of Department across various institutions. He is also a prolific author and editor, having published multiple books, and served as a reviewer and advisor for reputed scientific publications. He has successfully supervised 13 Ph.D. scholars and holds a noteworthy h-index and citation record, reflecting the global recognition of his research.

Dr. Jasuja is frequently invited to deliver keynote addresses and expert talks at national and international platforms. He has visited multiple advanced laboratories across India and abroad, contributing to cross-institutional research collaborations. His contributions to science and education have led to his inclusion on confidential committees and selection boards of State Government Universities.
