ICFAI Tech

B.Tech: The B.Tech Program is a four-year, eight-semester, full-time, campus based program. The Program provides cutting edge education to equip students with comprehensive and critical understanding in various branches of engineering. The following branches of engineering are offered:

- Civil
- CSE
- ECE
- Mechanical

B.Tech (Mechatronics Engineering): B.Tech (Mechatronics Engineering) is the discipline that combines mechanical and electronic engineering. The field of Mechatronics is very promising, when it comes to job opportunities.

B.Tech (Data Science & Artificial Intelligence Engineering): B.Tech (Data Science & Artificial Intelligence Engineering) program aims to train students in the rapidly growing field of Data Science & Artificial Intelligence, to be a vibrant research hub in this area and interact with other disciplines to evaluate, analyze and utilize the vast amounts of scientific, social and financial data streaming in every second.

M.Tech (Computer Science Engineering): The M.Tech program is a two-year, four-semester, full-time, campus based program. Engineering graduates with minimum 60% aggregate marks (Admission based on valid GATE Score or Entrance test conducted by ICFAI University, Jaipur) are eligible to apply for the M.Tech Program.

B.SC (Hons) PCM / B.SC (Pass): The students get a conceptual grounding in computer usage and its practical business applications. The expertise of a professional will help students to pursue and complete Company Secretary course while simultaneously undergoing the B.Com (Hons.) program.

B.Sc (Forensic Science): The expertise of a professional is also used in civil cases also like providing validity of signature on a will, Insurance claims, product liability claims, environmental issues.

BA (Pass) Program

- The Bachelor of Arts (B.A.) is the most common undergraduate degree program offered by universities. The BA Program focuses on Economics, Political Science and Sociology. The Program develops students’ abilities to communicate clearly and critically analyze ideas, theories, and concepts in the domain areas and prepares students for competitive examinations. Students learn how to reach their own conclusions and express them logically.
