WELCOME!

The induction program for the new entrants of IcfaiTech batch 2023-2026/27 was held from 16th Aug. to 31st Aug. 2023 with an objective to induce the culture of school and make students familiar with the facilities, courses offered, policies, campus life, future aspects and etiquette they need to follow in the school.

The Induction program focussed on helping the students adapt to college life and prepare them for the challenges and opportunities that lie ahead. Through an array of engaging activities where the students immersed themselves in hands-on experiments and Ice-breaking sessions the induction programme strengthened the camaraderie amongst the students. Beyond the academic insights and exciting activities, the induction programme brought something much deeper – a sense of belonging.

Day-1

Inaugural Ceremony

The Inaugural function started with invocation ceremony to Maa Saraswati. Prof (Dr) H. P. Singh, VSM, Hon'ble President, ICFAI University, Prof. Arun Kumar Saini, Dean, IcfaiTech School and the guests of honour Dr. Ajay Sharma, Director, State Forensic Science Lab, Jaipur and Dr. Ajay Data, M.D., Data group of industries lighted the lamp. Thereafter, Prof (Dr) H. P. Singh welcomed the guests.

Dr. Ajay Sharma

During his address Dr. Ajay Sharma put emphasis on inculcating good qualities while pursuing courses and shared his remarkable insights, guiding the new students on a path illuminated by experience, knowledge, and innovation. His words of wisdom resonated like a symphony of inspiration, echoing the importance of dedication, curiosity, and continuous learning.

Dr. Ajay Data who is an epitome of entrepreneurial excellence, motivated students to dream big and turn your dreams into reality. His address was a kaleidoscope of insights, from the power of innovation to the essence of adaptability. His presence symbolized the unbreakable bridge between industry and academia, lighting the way for students to bridge theory with practice.

Dr. Ajay Data

Ice-breaking Session

Ice-breaking sessions are designed, as the name indicates, to welcome the freshers to the campus, and provide them a platform to connect with each other. They are also formally introduced to the Faculty teaching at the campus. The session was conducted to make students acquainted with the campus life. A subtler aspect was to spot innate talents in the new cohort and lay the foundations for effective team building.

The ice breaking was wrapped up by a jam session between the juniors and seniors.

Glimpses of Day-1

Day-2

Yoga session

A few minutes of Yoga during the day can be a great way to get rid of stress that accumulates daily, in both, body and the mind. Yoga postures, Pranayama and meditation are effective techniques to release stress. The session began with warming up and stretching followed by a series of Padmasanas, Sukhasan, Tadasana, BhujangAsana and ending with Shavasana. Exercises for relieving stress, reducing joint pain and enhancing the flexibility of the back were also done for the benefit of the students.

Around 350 students were present along with 10 faculty members who have performed different Yoga Asanas under the supervision of the Yoga experts Ms. Diksha Jamwal and Ms. Pragyashri Mishra. It was a fruitful event in the student induction program.

RJ Interaction

Interaction with RJ Eshan (from My FM) was a unique and enriching experience for the students. They not only gained insights into the technical aspects of radio broadcasting but also had the opportunity to hear about his personal journey, which aimed to inspire and motivate them on their own paths. RJ Eshan made the students laugh till their stomachs hurt, and still managed to motivate them to achieve their goals!

Day-3

Familiarization of the Department

Dr Jyotsna Verma (Deputy Academic Coordinator, IcfaiTech) briefed the academic structure of the school and shared the details of all the academic activities that take place during the year. The attendance, examination pattern, grading system, faculty profiles were explained to all the students.

Dr. Jyotsna Verma

Welcome by seniors!

The inter-batch dialogue with seniors was a great help for freshers. In the end, fresher's felt motivated and appreciated this session. When in doubt, go to your seniors...The aim of this session was to set up a healthy relationship between fresher's and seniors and make the transition of first-year students from school to college smoother. The program was titled "get together session with the seniors" which helped fresher's in getting along with seniors and assimilating in the new atmosphere of the IcfaiTech School, ICFAI University, Jaipur. In this session seniors, while playing a dual role of a friend and a mentor, counselled the fresher's on how to study, what to study, career opportunities, higher studies, internship and job opportunities.

Expert Lecture- EC Council

Ms. Pooja V Joshi, Country Director - India, EC-Council, graced the Student Induction Program with her wisdom. Her own journey and insights guided and charged all students presented in the session. She boost up the young engineers and guided them to choose the right path so that all can reach to the destination successfully. She laid emphasis on learning new theories every day and remain discipline in life to achieve targets.

Ms. Pooja Joshi

Day-4

Familiarization of the Department

Hon'ble President, ICFAI University, Jaipur delivered a special address highlighting the legacy of the ICFAI University and its significant socio-economic contributions to the nation. In his address, he appealed the students to adapt to the dynamic environment and embrace a robust, innovative approach to excel in today's world. He stated that ICFAI University, with strong corporate alliances, fosters a culture of innovation, creativity, and out-of-the-box thinking. The university's curriculum, Extra-Curricular activities, Industrial visits, Soft Skills training, Incubation Centre, and industry-integrated teaching methods all align with its core values among students to make them ready fit for the industries, he also encouraged them to become change agents and contribute to building a sustainable and inclusive world.

**Prof. (Dr.) H. P. Singh , VSM,
Hon'ble President, IUJ**

Student Interactive Activity

The BIZZ QUIZ event was meticulously organized with unwavering dedication for the first-year students. The event was divided into two distinct rounds, with activities taking place in Seminar 1 and Seminar 2, each under the guidance of their respective faculty and student coordinators. In round one, participants engaged in a stimulating activity that involved the visualization and identification of diverse logos from fields such as engineering, medicine, historical places, science, math, and various organizations. The top 30 students from each seminar hall were selected to form six teams. Each team comprised five members for the second round. Round 2 revolved around the classic game of Pictionary, where one team member sketched while others guessed, leading to the selection of two distinguished teams as the winner and runner-up. The grand finale of the event, the prize distribution ceremony, was conducted, and books were awarded to the deserving winners and runners-ups.

Day-5

Industrial visit :

Industrial visits provide a unique platform; and opportunity for students to gain practical insights and real-world experience in their chosen field. IcfaiTech, The ICFAI University, Jaipur had organized one day industrial visit during the Induction Program “Deeksharambh-‘23” with a purpose to observe how the industry operates, market the products, and how to manage human resources, etc.

State Forensic Science Laboratory (SFSL) Visit

During the visit, SFSL scientists and experts provided students with a comprehensive introduction to various forensic laboratories, including those dedicated to biology, cyber analysis, toxicology, and chemistry.

The experts shared their insights and expertise in the field, delving into topics such as analyzing evidence collected from crime scenes, conducting fingerprint tests, alcohol testing, DNA analysis, document scrutiny, digital evidence evaluation, and expert testimony analysis. The students gained valuable insights into the intricacies of crime investigation processes involving cases such as rape, murder, new-born exchanges, and human trafficking.

R-CAT (Rajiv Gandhi Centre of Advanced Tehnology) and Bhamashah Techno Hub visit

During the visit to the R-CAT Center and Bhamashah Techno Hub, our students had the opportunity to:

- ❑ Interact with leading experts and professionals in the technology field.
- ❑ Observe and participate in live demonstrations of cutting-edge projects.
- ❑ Gain firsthand experience in areas related to their respective academic programs.
- ❑ Explore potential avenues for future internships and collaborations.
- ❑ Understand the importance of innovation and research in technology.

Jaipur foot visit

The students had the opportunity to visit Jaipur Foot. Bhagwan Mahaveer Viklang Sahayata Samiti (BMVSS) is the world's largest organization dedicated to the rehabilitation of disabled persons. It has provided over 2 million artificial limbs, calipers, and other aids and appliances, totally free of charge, to disabled people in India and 27 other countries. BMVSS is a best charity for disability. It is a highly respected organization that has made a significant impact on the lives of disabled people around the world.

Day-6

Familiarization of the Department

Examination and Evaluation

Dr Manindra Trihotri gave a presentation on the examination pattern and evaluation scheme. The session was aimed to provide a brief idea about criteria of evaluation and assessment methods used to evaluate students academic performance. It includes examinations, assignments, quizzes, projects and seminars with assigned weightage and their relevance to the course objectives.

Dr M Trihotri

Motivational lecture

Mr Yash Kalra, Director of the Kalra Group motivated the students with his energetic and lively performance. He shared his experience about his career and student life. The kind of energy he imparted amongst the students left the students in awe of him!

Mr. Yash Kalra

Session on entrepreneurship

Mr Sachin Meena, Co-Founder and CEO at The New Angle- Enabling Technology for Startups is a digital entrepreneur and helps in bringing ideas to life. During his session, he discussed the concepts of startups and his success story. Skillfully he answered the queries of students and guided them through his experiences.

Mr. Sachin Meena

Importance of language proficiency

A session of Language Proficiency was conducted by Prof. Subhash Sharma. Proficiency of language is a key factor to easily get opportunity to place oneself at the market place and be able to conquer hearts of millions. It helps opening of the doors of the corporate world. Prof. Sharma suggested to read and write for better proficiency results and also work on pronunciation without which we may have different meaning and perception of words and may end up with hostile situation. He further added to enhance vocabulary to better present ideas. He conducted a cue card activity based on corporate situation to engage students to ideate thoughts and to learn how to present the same effectively. The sessions resulted in fruition.

Prof. Subhash Sharma

Expert lecture

Ms Megha Jain, Director, Girnarsoft.com visited The ICFAI University, Jaipur during the Induction Program. Her entrepreneurial experience of over a decade helped the students learn the basics of entrepreneurship and the skill set required to become a successful entrepreneur.

Ms Megha Jain

Day-7

Familiarization of the Department

Internships & Placements

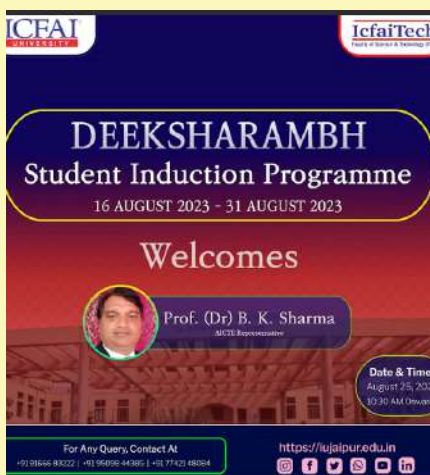

Internships & Placements are the key features which define the future of the students. Mr Manish Saxena, Manager, Placements threw some light on the past record of Internship & placements. A lot of emphasis is laid on Internships. A faculty member is assigned as the Internship Coordinator for the students, who ensure successful communication between the students and the company.

Mr Manish Saxena

Human values and ethics

Human values and ethics form the backbone of the overall development of the students' personality development. Prof. (Dr.) B. K. Sharma, Dean, Academics, RIET, Jaipur with teaching experience of over 25 years has been exploring human values and ethics since half a decade. He discussed at length the values that must be inculcated during the early college days and how it forms day-to-day habits.

MOOCs Red Hat

Mr Chetan Tiwary, Senior Technical Specialist, Red Hat, delivered a special lecture on the importance and benefits of MOOCs. An open online course is aimed at unlimited participation and open access via the Web. The MoU with The ICFAI University, Jaipur helps the students take up basic as well as advanced level courses from the ease of their homes.

Special Session by Sh. Naveen Jain, IAS, Secretary of the Education Department

Sh. Naveen Jain, IAS, Secretary of the Education Department in the Government of Rajasthan, graced as a distinguished guest at our DEEKSHARAMBH Student Induction Program on campus. His words were not just motivational; they were a soul-stirring journey that resonated with every student present.

His interaction with our students was nothing short of a revelation. With genuine humility, he shared real-life stories that touched the very core of our aspirations. He brought forth invaluable life lessons that extend beyond textbooks and classrooms. Here are some profound insights we had the privilege of imbibing:

- Gratitude and Respect
- National Duties
- Lessons in Simplicity

His speech went beyond just words and became a journey of shared excellence and compassion. The impact of what he said will continue to shape our personal and professional perspectives.

Sh. Naveen Jain, IAS

Fun interaction with RJ Nupur

RJ Nupur from My FM visited the University and had a fun-filled interaction with the students.

The students did not just dance along with her but also asked her questions about her journey of becoming an RJ.

Day-8

Familiarization of the Department

Club Activities and Discipline

Dr Surbhi Jain and Mr Vishnu K. Barodiya, Coordinators of the Student Council and Activities conducted a session for the new students about various clubs existing in the school, and they discussed about how they can become a part of the clubs.

They also briefed out the do's and don'ts expected from them while on the campus.

Alumni talk

The students look forward to their seniors as role models for guidance. With the same perspective, Ms. Shruti Gupta, Mr. Prashant Soni and Mr. Rishabh Kumar were invited for a personal alumni session. They shared the difficulties they faced during their journey and how the atmosphere at ICFAI helped them achieve their dreams.

Expert lecture

Mr Anurag Singhal is not just an author, but also a visual merchandiser and founder of Pencilbox, who discussed the concept right from the visual merchandising to making the students believe in their dreams and aspirations, Mr Singhal interacted in the friendliest manner with all the students.

Mr Anurag Singhal

Motivational lecture

With over 14+ years of experience in Information Technology, Manufacturing and Legal sector in Cyber Law, IPR, Corporate Laws, Finance, Civil and Criminal and Taxation; Mr. Sulabh Shukla was the perfect person to address the students about their queries related to legalities in the IT sector. In Spite of such a vast experience, Mr Shukla connected with the students on a personal level. The students related with him and his talk received huge rounds of applause .

Mr Sulabh Shukla

Day-9

Sports Activities as a part of Deeksharambh: Student Induction Program

At IcfaiTech, Jaipur we firmly believe in the importance of extracurricular activities and encourage our students to actively participate in a range of activities. As is rightly said, “All work and no play makes Jack a dull boy”. The campus has various student clubs and sports facilities to ensure a comprehensive learning environment. Gone are the days when the sport was viewed as just a fitness activity. Apart from physical strength, it builds discipline, confidence, team spirit, and accountability.

It is generally said that a healthy mind resides in a healthy body and to keep oneself healthy, IcfaiTech keeps on conducting sports and games activities to make students fit and active. In the induction program a number of sports and games events were conducted such as Volley Ball, Basket Ball, Tug of War, 100 metre racing, Single leg race, Sack race, Dodge Ball. All the new entrants ‘enjoyed all games and felt mesmerized.

Day-10

Movie Day

One of the primary effects of cinema on youth is its ability to provide entertainment and inspiration. Movies offer an escape from reality, allowing young individuals to immerse themselves in captivating narratives and visually stimulating experiences. These visual mediums capture the attention of the youth, who are often drawn to the dynamic and fast-paced nature of films.

NIL BATTEY SANNATA is a charming little film that's very grounded, depicts a touching mother-daughter relationship and that features a really strong Swara Bhaskar in the lead role.

Mr. Anshul Kalra

Session by Art of Living!

YES+ is a fun, dynamic course for the students to give life the boost of energy we have been looking for. To get the most out of life, we need to increase energy, conserve the energy we have, and manage our time well. YES+ teaches us how to be productive and dynamic while staying cool and centered. During YES+ session, Mr. Anshul Kalra taught powerful breathing techniques, yoga, meditation and practical wisdom for our modern world.

Tree Plantation

What better way to conclude the two-week Induction Program than to inculcate the feeling of “Meri Maati Mera Desh” by planting over 75 saplings of Ashok, Neem, Kaner etc.
