

Report

An MoU was signed between The ICFAI University, Jaipur and DR CBS CYBER FOUNDATION (DRCBSCF), a non-profit organisation, with the technical assistance of DR CBS Cyber Security Services. DR CBS Cyber Security Services LLP helps organizations in understanding their cyber security posture, cyber resilience and incident management through customized information security audits including penetration testing, assessment, mapping & exploitation of vulnerabilities, risk assessment, review and assessment of security policies, malware/ backdoor detection etc. Support is provided in corporate training, IT security policy formulation, secure software development to help organisations contain threats arising from within and outside the organization, and ensuring simultaneous compliance with various international standardizations and legal mandates. Expertise is provided in cybercrime forensic and investigation, incident management and business continuity, combining advanced tools, techniques and skillsets. This assists the organization in functioning effectively in the dynamic cyber world.

Hon'ble President Prof Dr H P Singh, VSM in his address emphasized that we should look forward to implementing the new technologies to better the career growth of the students. He also suggested setting up a centre of excellence in the university in the Cyber Security domain. Dr C B Sharma, IPS(R), Registrar Col Sanjiv Banerjee, Dr S S Jain, and the other faculty members and students were also present during the MoU signing event.
