

Online session on Introduction to Legal Internship Programme

The Internship and Placement Committee organised an online session on Introduction of Legal Internship Programme for the students on 9th February 2022 from 02:30 PM onwards. The session started with the significance of legal internship program in legal education. The session highlighted that the Legal Internship Program can be best described as an attempt to bridge the gap between the professional world and the academic institution. The students of ICFAI Law School are required to undergo the rigor of the professional world in the form as well as in substance providing them an opportunity to apply their classroom knowledge to live situations and legal research during the program.

The session enlightened the students with the guidelines of Legal Internship Program as to their attendance, conduct, behaviour and also mentioned that students learn about the intricacies of laws, nuance of the justice system, drafting, pleading, writs, ethical aspects of work etc. during their internship program. The session also reiterated that how ICFAI Law School has, since its inception, sought to ensure that students are afforded maximum exposure to the workplace by mandating students to take internship with judges, senior advocates, law firms, NGOs, PSUs, corporate house, commissions etc.

Further, the senior students also shared their previous experiences of internship to first year students and guiding them on how to crack internship opportunities followed by question-and-answer round in the end. The session was indeed interactive and informative for the students. Here are some glimpses of the event-

The Internship Program

The University has, since its inception, sought to ensure that students obtain an insight into, and are afforded maximum exposure to, the workplace by mandating students to take internships with judges, senior advocates, law firms, NGOs, PSUs, corporate houses, commissions, ministries, state departments etc.

SUMMER LEGAL INTERNSHIP Assistance is provided by the university in the month of June and July each year.

These internships are significant for a student as:

- 1) It provides an opportunity to implement the knowledge gained during the semesters.
- 2) It provides a practical experience and exposure to the student
- 3) It immensely increases networking which plays an essential role in near future
- 4) It helps to learn new skills and assists towards your growth and development
- 5) It helps you to explore, experiment and identify your areas of interest!
- 6) It helps you to develop your CV
