

Establishment of Research and Development Cell

Research and Development (R&D) is the necessary first step of innovation that plays an increasingly important role in the specialization of scientific knowledge, and innovative processes and The ICFAI University Jaipur is committed to fostering long-term research in frontier areas. The ICFAI University Jaipur wishes to foster a culture that encourages research, consultancy, and development interventions that would lead to serving the community by the dissemination of knowledge through teaching and the discovery of knowledge through research.

The ICFAI University Jaipur established the Research and Development Cell (RDC) under the guidelines of UGC. The event was presided over by the Honorable President of the University, Prof (Dr) H P Singh , VSM. Among the other dignitaries who graced the occasion were Col Sanjiv Banerjee, Registrar of the University; Dr Shweta Jain, Dean IBS; Dr Pratima Soni, Associate Dean ILS; Dr Rana Mukherji ; and other senior faculty members from all the schools of the ICFAI University, Jaipur.

The inaugural session started with the introduction of RDC by Dr Surbhi Jain. A warm welcome speech was delivered by President Prof (Dr) H P Singh , VSM. He highlighted the significance of Research for the growth of the university. He also enlightened the key features of NEP 2020 on research and innovations.

Dr Rana Mukherji deliberated a brief presentation about the vision, mission and objectives of RDC. The event was concluded with a vote of thanks by Dr Surbhi Jain.

The event was followed by high tea where a healthy discussion among the faculty members present took place to improve the research ethics and standards of the University.

Glimpses of The Event
